FROM A SOLAR PIONEER TO A FULL-STACK ENERGY PLATFORM

Lobel GreenEnergy Pvt. Ltd. (formerly Lobel SolarPower System) was founded out of a deep commitment to a green and clean environment & a determination to solve India's power crisis, especially for rural communities. Over 17+ years, Lobel has grown into a trusted, full-stack renewable energy business built on quality, cost-effectiveness, and total customer satisfaction.

2009

Founded L'Obel with a vision to provide world-class renewable energy solutions and contribute to planetary sustainability.

2011-15

Incorporated with all Indian Government Authorities. Achieved ISO certification. Began work under GEDA & MNRE across PV, thermal and hybrid technologies.

2016-21

Crossed 2,500+ domestic clients, 100+ corporate & international clients, and surpassed 10,000+ customers major benchmark in scale.

2022-26

Became the highest-volume trader for Solar GTI Inverters. In 2024, took a new step with Lobel Green Energy Pvt. Ltd., expanding our presence across integrated solar and clean-energy solutions & launched VoltAh & The Doctor Solar

EPC THAT CONNECTS STRATEGY TO COMMISSIONING

Lobel's EPC model is engineered to take projects from the first consulting engagement all the way through long-term performance and service accountability with no gaps in the delivery chain.

ONE PLATFORM ACROSS EVERY SOLAR SEGMENT

Lobel serves every major solar end-use category from household rooftops to large industrial captive projects with a single, integrated delivery platform.

Residential

Rooftop systems, solar kits and subsidy linked installations for homeowners.

Commercial & Industrial

Rooftop systems, solar kits and subsidy linked installations for homeowners.

Institutional & Public

PSUs, education, municipalities, hospitals and government-linked projects.

Growth Sectors

Real estate and agriculture applications backed by design, procurement, commissioning and service.

GUJARAT DISTRIBUTION STRENGTH: FROM KSOLARE TO SELEC

A DEEP-ROOTED B2B CHANNEL NETWORK

Lobel's B2B distribution network across Gujarat creates meaningful market access for channel partners, installers and project developers. Focused on solar on grid inverters, the network combines product availability, local relationships and hands on technical support.

KSOLARE established the channel journey.

SELEC next phase of portfolio evolution extending Lobel's reach with a stronger, more capable product line.

200+ Dealers

Solar Solutions**

VOLTAH: THE COMPLETE SOLAR PRODUCT PORTFOLIO

VoltAh is Lobel's flagship product brand — a one-stop solar platform delivering high-performance panels, smart inverters, balance-of-system products, and energy storage from a single, trusted source.

01

High-Power Panels

620–720 Wp modules with multi-busbar half-cut cells, anti-PID resistance and bifacial technology for higher lifetime yield.

02

Smart Inverters

Super GTI Inverters and Hybrid Inverters engineered for high-efficiency energy conversion and grid management.

03

BESS

Battery Energy Storage Systems paired with hybrid inverters for round-the-clock solar power availability.

04

Balance of System

ACDB/DCDB boxes, mounting structures, cables and BOS kits — engineered for safe, stable and long-lasting installations.

NEW VERTICAL: THE DOCTOR SOLAR FOR BETTER AFTER-SALES ECOSYSTEM

INDIA'S FIRST SOLAR DOCTOR

The Doctor Solar is built to keep every solar plant healthy, efficient and long-lasting caring for solar systems the way a doctor cares for patients.

thedoctorsolar.com

App-Based Care

Connects plant owners and service teams for smarter monitoring, performance optimization and detailed reporting.

Advanced Diagnostics

Drone-based washing and thermal testing to identify hotspots, damaged cells, failed diodes and electrical faults.

B2B Support Within 24 Hours

Expert maintenance, upgrades, repairs, AMC and B2B collaboration no need for a dedicated inhouse solar engineer.

OUR VISION, MISSION & THE NEXT GROWTH CHAPTER

OUR VISION

To provide world class renewable energy solutions, service and technology and contribute to the sustainability of our planet.

OUR MISSION

To be the first choice in PV & thermal product supply for all clients locally and abroad widely recognized for high-quality products, services and contribution to a sustainable life.

THE NEXT CHAPTER

EPC GROWTH

Expanding from rooftop and distributed solar into floating solar, hybrid solar-wind and industrial captive PV projects.

B2B GROWTH

Using the Gujarat channel, inverter partnerships, VoltAh products and The Doctor Solar after-sales platform to build a stronger national partner ecosystem now growing into MP, Rajasthan, Maharashtra and other states across India.

Floating Solar

Hybrid Solar-Wind

Industrial Captive PV

WHY PARTNERS CHOOSE LOBEL

16K+

Projects Completed

65MW+

Projects Installed

2L+, 2,833

Trees Saved Yearly

4.9MW+GEDA · 10MWPGVCL · 45MW+C&I

OPERATIONAL MATURITY

- Own in-house service setup with trained technical team
- CRM & IVR-based workflow with project and service tracking app
- Quality products, timely delivery and responsive after-sales support

255+

Expanding partner network across key markets

10Y

Reliable 10-year after-sales coverage for partner confidence

IVR + CRM

Structured support workflow for project and service visibility

MP · RJ · MH

Now growing into MP, Rajasthan, Maharashtra and beyond
